## Mr. McGiff

Thank you for pushing all art students regardless of level to find their way and be the best that they can be. Your excitement and expertise is tangible and extends to all the students you teach. The arts program at St. Andrew's has grown immensely under your guidance and commitment. You have made visual arts an exciting and prosperous part of life here.

## Mrs. McGiff

You have brought a new profound beauty to ceramics at St. Andrew's. From our very first moments with you in Intro to the Arts you have introduced many students to a new art form. Your passionate approach to teaching ceramics has sparked an inspiration in all of your students. You guide students to pursue a new passion and you extend the realm of visual arts at St. Andrew's.

When creating the yearbook we drew inspiration from the contributions you both have made to the arts .

## Special Thanks to Mr. Speers and Dr. McLean

We would also like to acknowledge your dedication and contributions to life at St. Andrew's. You both have made monumental impacts in students' lives through your classrooms and general school life. We thank you so much for all that you have done to make St. Andrew's a better place. We wish all of you the best of luck on the next chapter of your lives.

# Girls Cross Country

Dear Cross Country Strong A\*\* Women,

Thank you all so much for making our last season the best one. From exploring the previously unseen neighborhoods of Middletown on the Manhattan Bagel run to messing up Cierra's counting beat during our daily stretches. To ending practices with Devi (baby genius). To losing our voices cheering for one another every Saturday — our team has grown so close. It has made us so proud to see each member of our team push herself. Keep running like Danny Diaz <3

Saints on 3, family on 6! And always remember it's a runderful life...

Love,  
Your Class of 2019 Seniors

# Boys Cross Country

Running itself is often a form of punishment dealt out to athletes, but for the boys who ran on the 2018 Cross Country team, it was instead 10 weeks dedicated to challenging ourselves, supporting each other, and constantly having fun. We felt so lucky to arrive at the steps every day and be greeted by the contagious energy and enthusiasm of this team.

Running with all of you truly was special and we know we'll cherish the memories forever. Thank you all for the endless laughs, the commitment to becoming better runners each day, and for never giving up. Without the endless support, love, and appreciation, the success of our team would not have been possible. So here's to the the weekly lunch pail award, the daily awkward silences after our team announcements, the endless Chipotle consumption, the 18 minute club, Creep 2, Connor Nisbet, Ethan and Mr. O'Connell's Race, "To put that in perspective," the chest bubble, Robert's turtleneck, poor Joey, lung cancer, "Trey-way," "Rehr-Dog," veganism, f-ing money road, and the fact that Alex Horgan never actually left the team.

We love you all so much and cannot wait to see what you accomplish next year.

# FIELD HOCKEY

Dear Fhockey Gurls,

Thank you for the memories and making history with us one last time. Being on our field was the highlight of our falls with the music and giggles. Do you remember the 21st night of September? Or none of us being able to drive the ball more than 50 yards? We will always remember beast mode, clear eye, full hearts, can't lose and giving it EVERYTHING. Long live Josie's wipeouts, Nonie and Claud's spastic run to practice at 4:02 and failure to stretch, Ava and Lilly's braids, Heleah's ladder dancing, Campbell and Ingrid's Dr. McLean snapchats, Ginger and Ruth's love for GI Jane and Parker and Alani's constant grind. We will miss you crazy gurls. Forever and always...it was truly ~GLORIOUS~

# FOOTBALL

As Coach Digati imparted to us at the beginning of camp: “The ultimate measure of a person is not where he stands in moments of comfort and convenience, but where he stands at times of challenge and controversy.”

This season certainly had its moments of challenge and controversy; from our “Body by Digati” workouts to playing Wilmington Friends in a near hurricane. But we are so proud of how each of you stood up to those moments and showed your true mettle. Through your hard work, dedication, fiery responses to Tommy’s “BANDIT” calls, and great sacrifice, we were able to achieve something that hadn’t been done in four years: WIN THE CANNON. Every single player was instrumental in that victory. We should all be proud about what we were able to accomplish as a team. Keep bringing your intensity and effort to each practice, workout, and game, and make sure that cannon never leaves!

Sincerely,  
Your Captains

*When you get what you want in your struggle for self  
And the world makes you King for a Day  
Go to the mirror and take a long, hard look  
And see what that man has to say*

*It isn’t your father, mother, or wife  
Whose judgment upon you must pass  
The fellow whose verdict counts most in your life  
Is the man staring back in the glass*

*He’s the fellow to please, never mind all the rest  
For he’s with you clear to the end  
And you’ve passed the most dangerous, difficult test  
If the man in the glass is your friend.*

*You may be like Jack Horner and chisel a plum  
And think you’re a wonderful guy  
But the man in the glass says you’re only a bum  
If you can’t look him straight in the eye.*

*You can fool the whole world down the pathway of years  
And get pats on the back as you pass  
But your final reward will be heartache and tears  
If you’ve cheated the man in the glass.*

# VOLLEYBALL

1,2,3... YEAH!!!! Not only does our record prove that this has been the best season of volleyball SAS has ever seen, but also it was all the intangibles that made it so special. This team is not just a team, but a family, one where the love is so palpable in our relationships, our attitudes, and our frickin fire play! So here's to a season of full of rice stuffing, 5 push-ups, French dude, middle injuries, screaming so hard our faces turn purple, Tea with sanford, vigor, Tea with sanford parent line judges, Cola's light up shoes, speed power winning goals velocity diameter and ethos filled volleyball :)

**Emily:** Spicy are your hits, spicy are your digs. Your powerful hits ranging from mild to hot, chiles to \*gasp\* the ultimate ghost pepper! No bell peppers in sight for you...

**Kate:** SHE'S A BEAST!! Intimidating every point, even with that broken foot, your blocks go straight down. Your legacy will always live on and we will always be big and scary in honor of you.

**Noor:** The balls really do orbit norbit because you control this game like an ultimate beast. A Queen of the court, a queen to this program, and a forever queen in our hearts.

**Miles:** You are the BEST littlest big out there, your rolls, dives, and energy make us all so happy, even when you always tip it to that spot an outside can never reach :)

**Louise:** LOU LOU, Lois, Lou, Louise, whoever you are we love you. Your serves are badass and you spikes even more badass.

**Lila:** Whether you're a middle or outside you always kill it on the court no matter what

**Aubrey:** Never ceasing to work hard, you always brought such a good work ethic and dedication to this team! A lioness on the court with that mane of yours!

**Bwemb:** Even with that broken foot, you've kept us in line this year, sending good vibes, good laughs, and some crazy energy...

**Nicole:** Setting us ablaze, all day every day with your spirit, tenacity, and ferocity! Nicole's the fire

**Fran:** Fran fran the tin can man, this season would not have been as fun and as full as laughs and good times without you. Ra ra, Volleyball!

**Elise:** Everyone knows you should have been in the front row, but then we wouldn't have had such an amazing season because of your killer digs.

**Pati:** We are sooo happy you joined the team! You are small but powerful and we love it. We are so excited to see you grow in the next new years!

**Allaire:** Literal beast on the court. You are an incredible player and we were so lucky to have you on our team this season. We can't wait to see what you do in your next 3 years on the team.

# Boys Varsity Soccer

Fellas,  
We can't even begin to put into words how much this team has meant to us. Each and every one of you have made an impact on this team and the season. From preseason to now, we have grown so much and are so proud of everyone. The connections that we have as a team are unbreakable. As for next year, it will be over before you know it, so give it everything you can. Enjoy the process from preseason to the state tournament. The team may not click in the first week or month but enjoy the ups and downs of the journey. To say that we did not accomplish our goal would be a lie. The way we came together, played together and fought for one another is the goal we set out for. And we would not trade that for anything. This year we had a new challenge, with only half of the team returning, new, and young players made up the core of the team. We thank the young and less experienced players for bringing the energy and commitment everyday to practice. We thank each and everyone of you for the memories. We laughed, cried, won, lost and celebrated together and that is what made this team into a family. We can't wait to see what kind of players, teammates and people you will become. Remember that you always have one another. Make this team and season yours. If you want to do meetings in Hutch's room, Italian music, managers with Polish nicknames, sacrifices, youthfulness, and barbed wire, do it, but if it doesn't work, then change it. It's your team. Keep working for each other, keep working toward our goal. The coaches, the alumni, and the seniors this year are all supporting you. We believe in you and have your back. There is no other group of guys that we would want to play with. Never forget what we built and the power you guys have together. Thanks for making this year so enjoyable. We wish we could go through the whole journey from our first preseason practice to the end of senior year again. Cherish the time you have together because St. Andrew's soccer is truly something special and you're a part of this team for life. Don't forget to pull the V, work on foundation, head til you get a headache and cut out the bologna ass crap. Somebody wake up Bon.  
Love you fellas,  
Ben, Jamie, Jacob, Nick, Bon, Owen, AJ, Jasmina

# Girls Basketball

As we've said before and as our record shows, this season has been the best we've seen during our time at St. Andrew's. We are so grateful for this team and everyone on it. There have been ups and downs but this season has been nothing short of freaking amazing. This team has so much potential. Keep working, fighting, and being confident. We love all of you and can't wait to see how much this team grows throughout the next few years.

**Nia:** You never fail to make us laugh. You keep getting better and better everyday. You are a true baller.

**Belle:** Even though we didn't get to play with you much this season, we know that you will come back next season and play with the aggression and intensity we got a glimpse of this season.

**Jill:** You have improved so much this season it's crazy. You have the best shot on our team hands down. No one can stop you when you're in your corner ;)

**Clare:** Your enthusiasm and energy is contagious and always pumps our team up. Don't underestimate yourself because you can do more than you think you can.

**Griffin:** Your drives to the basket are unstoppable! Your constant hard work pushes everyone on our team to work harder than we thought we could.

**Emily:** You are a beast in everything you do on the court. Your rebounds and aggression have been monumental to the success of this team. Keep playing with your fire because it is unmatched.

**Josie:** We are so happy you decided to play basketball this year! You're a beast on defense and always pushed us to be better

**Kate:** This season would not have been the same without you. You are always consistent in your intensity, dedication, and attitude. We loved playing with you for the past three years. We love you Kate!

# Boys Basketball

This year has been very interesting to say the least. Before the season started I was unsure of what our team would look like being that we were returning only about half of our players from last year. I was unsure of what our team dynamic would be. I was unsure of how our well team would work together being that we had so many new players. One thing that I am sure of now after seeing all of the work that our group of guys put in, is that we fight. There have been so many times this season that we have had to overcome obstacles that not many other teams have. From only having a week of practice before our first game, to having to play just days after coming back from a 3 week Christmas break, to playing with only 7 players, we have seen it all this season. Despite these obstacles our team has fought to achieve one of the best records in the past 5 years for a St. Andrew's team. I believe that the pushing factor for our ability to overcome adversity time after time was the fact that Coach Terrell never failed to remind us that we are at a disadvantage considering that we don't have as much time together as other teams. The constant reminders set us up for success as they pushed us to accept this fact and respond by working harder than other teams to make up for lost time. Games meant more to us than they did to other teams this year, and I feel that was the key component in our teams success, and one that we must carry over into next season.

# GIRLS SQUASH

Squashers,

Thank you for the most amazing season full of laughs. We know it was a lot of pressure being the favorite team but somehow we pulled through with tremendous grace and spirit. We could not be prouder of you for beating the boys during preseason, showing off your marshmallow stuffing, food catching, goldfish stacking, cup spinning, and charade skills. Never forget natties, going to OG, 1, 2, 3 SQUISHHHH, beating Riverdale, awkward intros. & remember that the party doesn't start 'till Anya walks in!!!! We are glad we got a good amount of Bird Box and airpods jokes in to annoy Mr. Speers. Remember that making embarrassing mistakes is just part of the process... "It's okay he wasn't looking." Please keep making @tfoehl uncomfortable with your singing and jokes in practice and long van rides.

KEEP ~~QUENCHING~~ LADIES !!!!!!!!!!! WE LOVE YOU

#ilooklikeadadinthisoutfit #wakeupinthemorningfeelinglikediddy  
#123goldfish #keepfistbumpinwithfoehl

# BOYS SQUASH

Dear Boys Varsity Squash,

Thank you for putting in the effort day in and day out to make this team what it was. Each and every one of you grew as players over the season. I think we can all agree that we achieved more than we ever thought we would at the beginning of the season. Keep working hard and putting in the time over the years that you each have left, it goes by faster than you think. We will miss you guys and the memories we share from this amazing year.

Love,  
Rhys, Gus, and Tripp

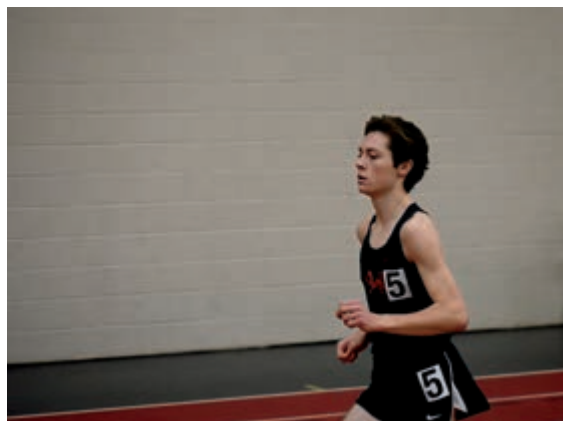

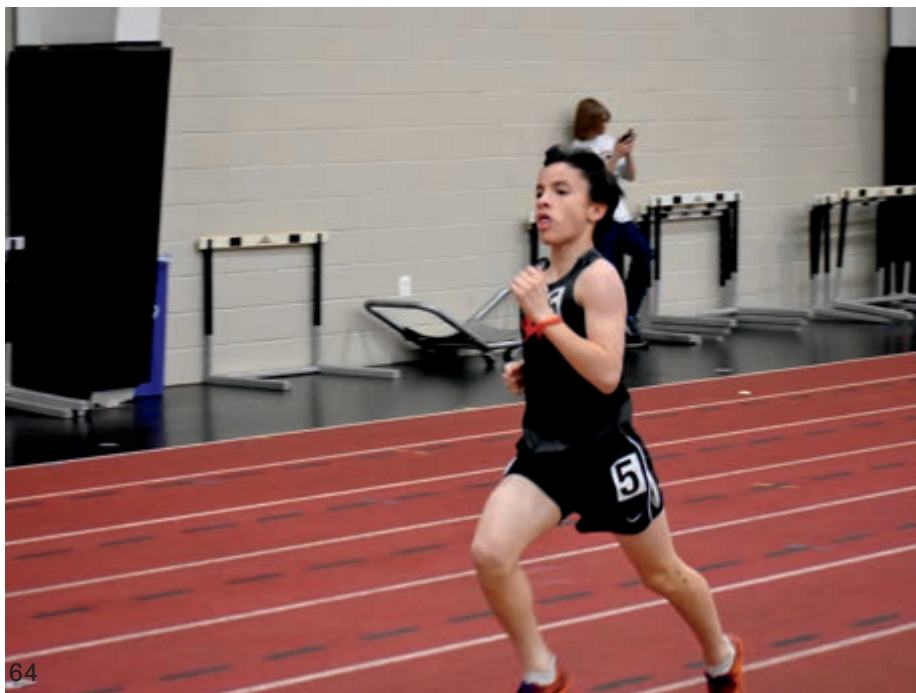

# Winter Track

This year was one of our best years for indoor track, as we had people in lots of different events going out of their comfort zones and challenging themselves. The team felt like a family and we all always supported each other. Coach Brooks would come all the way from New Jersey everyday and help us all get better. I think everyone improved a lot by the end of the season and I can't wait to see what next year brings! I hope this team continues to grow and prosper.

- Lilly

# Wrestling

This was the second year of rebuilding the wrestling team; we had thirteen kids in the room which made all the difference. Each individual displayed the determination and grit needed to improve as a wrestler over the course of the season. The team developed a family bond through the countless hours of hard work and occasional jokes which were made during warmups. Although Coach Phil is the head of security, he is also a charismatic guy who knows when to make wrestling practice both enjoyable and challenging. Not only did we learn how to wrestle but the coaches supported us in our development as young men in our down time waiting between matches. We are grateful that the program has grown, and that in the years to come we will have more wrestlers placing in the DIAA state tournament.

**GRIFFIN UP!!!! - Nick and Theo**

# SWIMMING

The swim team is special. It's not just that we get to have practice in the beautifully sandy Genereaux Aquatic Center everyday, or that this is the only co-ed team on campus, or that we get a sponsored perfume during the season (shoutout to you bromine). Instead, it is the grit, humor, and spirit of this team that makes it different from any other at SAS. We loved jumping into the pool everyday to be blasted not only with freezing water, but also the team's infectious energy and love for the hard work we put in together. We love this team because we put our heads down, hold our breath, and do the hard work while also having fun and knowing that we are in it for each other. This team maintained the perspective that, while swimming can be difficult, we do it because watching a teammate beat their time or cheering on your relay anchor as they out touch the other team is worth it. We loved swimming with all of you.

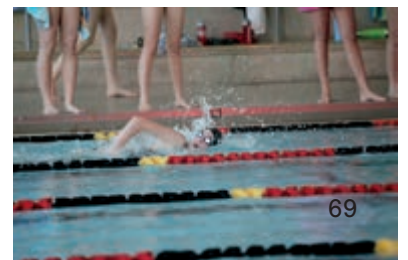

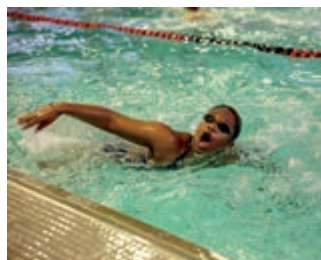

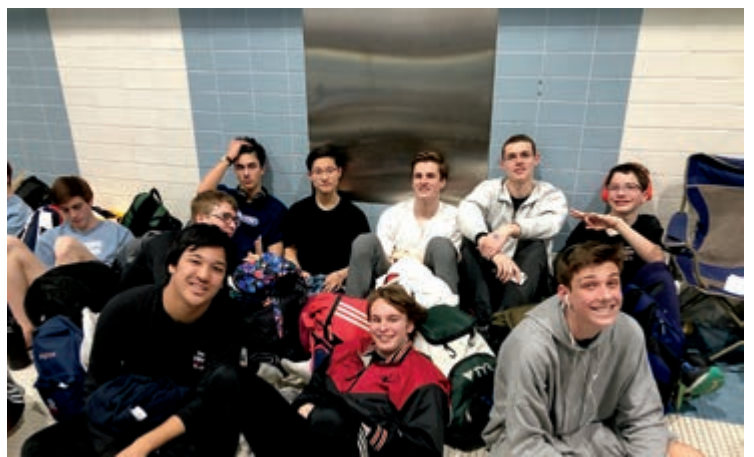

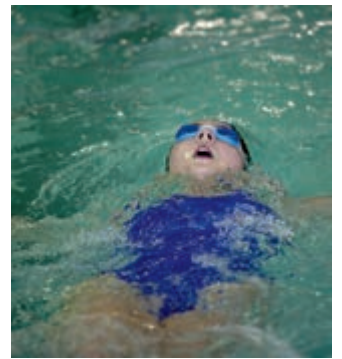

So one more time,

YOU KNOOWWW... ZIGGY ZAGGY ZIGGY ZAGGY

Love,  
Your Captains

My future kids have gained 36 new role models. Keep loving with your whole hearts, thinking with your whole brains, and using your whole time here. Time is a precious thing... don't waste it. Stay **BOLD**, & don't take yourself too seriously. xoxo Charlotte

Life's what you make it, so make it rock! I love you guys more than you'll ever know!

♥ Mama Syd

Be silly. Be kind. Love each other. Accept each other. Learn from each other. Do things outside of your comfort zone. Keep talking to new people. Don't let your past be who you want to be. Walk around the pond, sing with friends loudly, dance weirdly, GET SLEEP. You all made my senior year so amazing. I love you ♥ - I keep being your lovely selves (can't keep singing the brush and wash song) xoxo Mia

Each and every one of you has inspired me everyday I have lived on this dorm. You have permanently ingrained the brush and wash song in my head and you never fail to make me smile. Keep making each other smile and never stop singing brush and wash. Stay crazy ladies, but please follow the rules and be good for your next set of dorm seniors. Miss you lots! xoxo piper

Have random talks on the front lawn.

Go on walks in the fields at sunset.

Go to Nawa and get a frozen chai tea. NEVER

do homework on a Saturday. Do something

crazy and harmless. Be silly with your friends.

ASK teachers about their lives. NEVER STOP

making friends. I LOVE YOU QUEENS! xoxo Mack

Dear my loves, I just wanted to remind you that you are so much stronger than you give

yourself credit for. Just this year I have watched you all bloom into such badass young

ladies. I hope you remember that long after I've left this place. Keep staying the game

and supporting one another unconditionally. Don't forget to do weird stuff on my behalf ♥

(the weirder the better!) MOST importantly, have so much fun with the time you have left,

as cliché as it sounds, it will be gone before you know it. I'm always just a call

away - so HMU because I will miss all you guys so much! Also, embarrass my brother whenever

possible. xoxo Alice (240-971-9769)

To the beautiful crazy women I got to share the space I call home with. You have made every moment wild and exciting. Thank you for making my last year at SAS all that it is. This place has given so much to me. Please do not take it for granted. These women and this place will make you who you are. This place has so much to offer you. So stay up late talking about things that scare you about life, but also talk about your crushes. Try things that you never thought you'd be into. But most importantly make each of these women a part of your life because just like you, they are beautiful, powerful, and have so much to give you ♥

## WHERE WILL K DORM BE IN 10 YEARS?

10 years after highschool, **Isabel** will have finally started her own stand up comedy company, with a side of magic tricks. She also occasionally performs dances that she learned from youtube, which is a crowd favorite. **Lila** will be the star singer in her own alternative indie band! Lila's band will be found by a producer and become famous. The first album: "How Not To Be Stressed". **Emily** will have an up & coming baking show on Netflix. She is not only the host, but also the judge and an occasional contestant to really practice her skills. 5 star ratings! **Miles** will have her own start up psychology practice where she gives out blue corn tortilla chips to customers. All employees of her practice are required to have seen the entire series of The Flash. During college, **Ruth** won a "longest sleeper" contest, sleeping for 2 weeks straight. She won a million dollars and is on a traveling tour teaching highschoolers how to sleep like she did! **Nicole** will be living her best life as an editor of a famous magazine! Since her time at SAS, she has signed to many magazines to be an editor but just landed at a famous one! **Alyse**, on her eleventh concussion, is now being tested on by scientists to discover how she is still alive. She's started a program to fight science and teach others that sleep is not important and won a prize for not sleeping for a year. **Aubrey** will finally open Aubrey's Eyebrow Bar! Though she is sued a few times for overshaving some eyebrows, she ends up with lots of success.

# The Class of 2019

Dear Seniors,

It has been our absolute pleasure to spend this last year with you at St. Andrew's! The way in which you have led your Saints family speaks so highly to your love for this school, love for learning, love for engagement, and love for each other- on the field, on the stage, around the Harkness table, at brush and wash... the list is endless! The heart of this school will continue to live on because you committed yourself so tirelessly to the cause that was bestowed upon you from those that came before. You have protected the ethos of St. Andrew's, and it is time to empower the rising seniors to do the same. You are more than ready to take the next step beyond campus, spread the Saints love and make a difference wherever you go... Always find strength in knowing that there is an entire St. Andrew's community that is cheering you on, wishing you well, and happy to welcome you back home. We are so proud of you!

Griffin Up!

Dear SAS,

Thank you for giving me a second family and a forever home.

As I prepare to move on from this place I feel like there are some important SAS lessons I've learned.

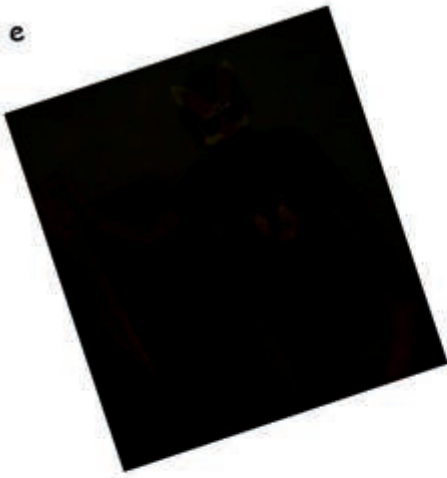

1. don't take yourself too seriously.
2. always stay up for those late night convos.
3. get to know everyone
4. Explore
5. Buy into the SAS experience, you aren't "too cool"

To **K dorm**, the "Peinors", the lax team, my roommate, Cristle and everyone else you have shown me what true friendship looks like and loving me unconditionally.

FROSTY RUNS

I remember it  
It stood firm into the ground.  
I used to explore the branches.  
When I fell it caused me pain  
But it would make up for it  
In the stories of its leaves  
Somehow it amazed me  
Each leaf was different  
There is something beautiful  
in the things we can't replicate  
After they cut it down,  
I sat on its stump  
I studied the rings  
somehow it still had stories to tell  
It still held firm to the ground.  
It was my strength.  
They told me that it was only pesky roots  
It took them weeks to remove those  
Yet it remains forgotten  
Living on in my tree of memories  
Taking root in the good times

Shout out to

Thanks to everyone who has made my experience here so incredible. To all of my dedicated teammates and brilliant classmates. To my schedule buddies over the years, **Alex Q** and **Gus**, for helping me settle into this place. **Frances**, my fellow most improved swimmer. **Mia**, my carpool buddy. All of the upper-classmen who have taken me under their wing and the underclassmen who have inspired me to be a better leader. And a special thanks to the people who make me want to relive my time here, Jamie and Jacob, since day one you guys have inspired me with your commitment to anything you pursue. **Jamie**, you've taught me so much about how to work hard, and **Jacob**, you've always been able to make me laugh. **Vogel**, the late addition to our quad, I'm so grateful that you joined us for sophomore year; you're such a smart, compassionate, and rational guy and I've always secretly loved sparring with you in pointless arguments. **Hannah**, you're so much fun to be around and your excitement about the world is contagious, I've loved every minute that I've spent by your side. **Jessica**, you're the best study buddy I could have asked for, I'm always amazed at how loving, kind, smart, and funny you are, and I couldn't have asked for a better person to spend my time with. Thank you for always being there for me. **Sarah**, making you laugh is always one of the best feelings in the world! Thanks for sticking by me for the past few years, I'm so glad that we've become such good friends and I will always be happy to spend the entire night talking with you over FaceTime. Thanks to the INTJ gang! **Ben**, I'm grateful to have had you as a companion for the past few years, whether on adventures through the woods or stargazing, I'm always inspired by the questions that you ask. **Wilmerding**, your excitement about learning has taught me to better appreciate the opportunities that I've been given. **Tad**, despite the fact that you beat me in everything, I couldn't have asked for a better teammate, mentor, and friend to spend every season with. I'll see you at the Triathlon in August! And **Will**, you have been such a positive influence on my life and I've enjoyed every laugh we've shared, every poem and song we've ever told, and every moment that I've spent with you by my side. Thank you for supporting me for the past four years, I will miss living with you so much. -Xander

Behind them, another student holds a sign that says "WU". To the left, a sign with the word "NEX" is partially visible. In the background, a large banner features a drawing of a person and the word "LOVE". Other students are visible in the background, some holding signs and others looking on.

Dear Mom and Dad,  
Thanks so much for being there for me throughout my journey of high school. I definitely wouldn't be as well off if you weren't my parents. I couldn't ask for a better two people to be my parents.

A vertical collage of 15 photographs showing students in various settings. The photos are arranged in a vertical strip, with some overlapping. The images depict students in casual poses, group photos, and athletic activities. Notable details include a student hanging from a rope, a student sitting on a bench, a group of four students in jackets, two students running in red track uniforms with bib numbers 549 and 556, and several group portraits of students smiling. Lots of love to Roach Gang, the cabinet, tater tots, Nico, the sandwich club, Franny & Kate, the wall, Mrs. Roach, Natey, Mom, Dad, and the entire class of 2019.

## Leandre Pestcoe

She runs so fast these days;  
we'll never catch her now;  
The court, the pitch, the  
hallowed halls, we're left  
behind somehow.

All the things she does,  
how does she find the time;  
Each step a brandnew  
milestone on her steady  
upward climb.

She'll set out on her own,  
when she decides it's time ;  
New vistas to explore, new  
heights yet to climb.

And then all the things she's  
done will make her who she'll  
be;  
How the pieces come  
together, we can hardly wait  
to see.

Love, Mommy & Daddy
